To
The Executive Director (M&R Complex),
NALCO, Damanjodi.

Subject: Representation Regarding C-Type Quarter Allotment and Request for Immediate Reconsideration of C-Type Quarter Allotment Proposal to Outside Agencies.

Respected Sir,

This is to respectfully bring to your kind notice the serious concern regarding the recent developments related to the allotment of C-Type quarters. The prevailing situation clearly indicates an acute shortage, and any further diversion of quarters at this stage will adversely impact eligible executives. The matter, therefore, requires urgent review in the interest of fairness, transparency, and strict adherence to the prescribed guidelines.

The factual position is as follows:

1. The NOA has already submitted a proposal requesting allotment of a C-Type quarter from E2 grade.
2. NOA has consistently highlighted the shortage of C and D Type quarters and has suggested construction of additional quarters to address the growing demand.
3. The shortage is evident from the recent quarter circular, wherein against 15 available quarters, 55 applications were received.
4. According to a recent NALCO circular, 48 numbers of executives in E3 cadre are going to be recruited through lateral entry for M&R complex.
5. Presently, **89 executives are in the seniority list who have not yet been allotted C-Type quarters.**

Additionally, it is informed that there are a total of **200 C-Type quarters in Damanjodi**. However, the total number of executives in **E3 and E4 grades is 161**, and even for them the available quarters would not be sufficient if allotment is considered on a one-quarter-per-executive basis. This situation is further aggravated as approximately **40 to 50 quarters have already been allotted to outside agencies**, and some quarters are presently **not in liveable condition and have remained vacant for a long time.**

Presently, there are around **96 executives in E2 grade**, and in the next **two to three years approximately 70 more executives will become eligible** for C-Type quarters. These figures clearly demonstrate that the demand will continue to increase, whereas availability is already constrained. In such circumstances, providing C-Type quarters to DPS and SVM teachers—who are currently not eligible under the existing norms—will further intensify the shortage and create avoidable dissatisfaction among executives.

It is therefore strongly questioned: **Teachers are not presently eligible for C-Type quarters as per existing guidelines. In such a situation, on what basis are they being proposed for allotment when a significant number of eligible executives are still awaiting accommodation?** Any such proposal, without first addressing the backlog of executives, appears inconsistent with the principle of equitable distribution and stakeholder priority.

In view of the acute shortage and the legitimate expectations of executives, the following corrective measures are strongly recommended:

- All irregular allotments must be examined in detail.
- Accountability must be fixed for any deviation from prescribed guidelines.
- A ceiling percentage should be defined for the number of quarters that can be allotted to other personnel other than NALCO executives.
- A House Allotment Committee (HAC) for C and D Type quarters should be constituted with representation from the NOA executive body, and all proposals concerning these quarters must be placed before the Committee for due consideration and approval.
- The proposal for construction of additional C and D-Type quarters should be initiated on priority to meet the growing demand.

C and D Type quarters are primarily intended for executives, who are key stakeholders of the organization. Diverting such quarters in the present scenario, when the shortage is already severe, will adversely affect morale and create administrative imbalance.

It is respectfully submitted that a Navratna company should be capable of ensuring essential residential accommodation to its hardworking executives, particularly when the data clearly reflects acute and increasing demand. In light of the above facts, the current proposal for allotment to DPS and SVM teachers requires immediate reconsideration in the larger organizational interest.

We request your kind intervention to ensure compliance with established norms and to safeguard the legitimate interests of eligible executives.

Thanking you.

Yours faithfully,

Ranajit Nayak
General Secretary
NOA, M&R Complex

3. To allot maximum possible numbers of quarters, provisional allotment shall be done as per the following procedure

PROCEDURE FOR ALLOTMENT

- A. After display of 1st allotment on seniority-cum-choice, acceptance/ refusal/up-gradation option will be invited from the applicants within 3 (Three) days from the date of display. From the allotted list, **those who will not give acceptance/ refusal/up-gradation option provided in the online package, their case will be treated as refusal.**
- B. The accepted quarters will be taken out from the list and will be sent to township civil and electrical maintenance for necessary maintenance work after final allotment.
- C. After excluding accepted quarters from the list, the 2nd allotment list will be prepared by considering up-gradation and waiting list applicants through seniority-cum-choice considering refusal/up-gradation cases. Further **acceptance/refusal** option will be invited from the allottees within 3 (Three) days from the date of display of the 2nd list. From the 2nd allotment list, **those who will not give any of the above option provided in the online package, their case will be treated as refusal.**
- D. Similarly, like **step (B)**, the accepted quarters of 2nd allotment will be taken out from the list and will be sent to civil and electrical maintenance for necessary maintenance works after final allotment.
- E. After 02 (TWO) stages of allotment, if any quarter remains still vacant, it will be added to the vacant list for allotment through next (fresh) circular.
- F. The applicants giving refusal option within the stipulated time **will not be debarred.** If those who will not give any option within the stipulated period, his/her provisional allotment will be cancelled automatically and **he / she will be debarred as per rules for a period of one year.**
- G. In this system, there is an option for up-gradation of choice to the applicants of the same lot, who has already been allotted a quarter. However, he/she can't change his/her choice which he/she has submitted within the last date of submission of application form. Up-gradation will be done based on the choice and priority already given.

It is also clarified that once a quarter is allotted and not taken over by the allottee within the stipulated period, he/she will be debarred for a period of one year and no further communication will be made in this regard.

Once, an employee has been allotted a ground floor quarter from medical pool, if he/she refuses to take the same, his/her medical recommendation for ground floor quarter on priority shall not be considered in future.

Formal allotment order shall be issued after completion of civil and electrical maintenance works.
